Remedial works recommended following the Electrical Installation Condition Report (EICR) for the **24-way and 33-way distribution boards**.

The quotation includes the rectification of C1, C2 and FI observations identified during the inspection and testing, in accordance with **BS 7671:2018+A2:2022 (18th Edition Wiring Regulations)**.

All remedial works will be tested upon completion, and where applicable, an updated EICR or Minor Electrical Installation Works Certificate will be issued to confirm compliance.
