Hrs/Qty	Service	Rate/Price	Adjust	Sub Total
1	ELectrical Service (1-Hour Response) Upon arrival, there was no power to any sockets or lighting within the property. After safely isolating the fusebox, we carried out the necessary tests and inspection, but no internal faults were identified. Further testing was carried out on the Main House Service Cut Out Fuse, and it was determined that there was no power supply present after the electric meter. We explained that the issue appeared to be external and advised the tenant to contact their electricity supplier. After the tenant got in touch with their supplier, the issue was resolved. Power has now been fully restored to the property. Please find the requested photos and invoice attached below.	£149.00	0.00%	£149.00
