Electrical Service- Fault finding

PAID

Thanks for choosing [Norm Electrical Engineering](#) | info@normelectric.co.uk Thanks for choosing Norm Electrical Engineering Hope to work on next projects .

Hrs/Qty	Service	Rate/Price	Adjust	Sub Total
1	Electrical Fault Call-Out During the evening inspection, it was observed that the lights on the first floor were not working. A safety test was performed and, after taking the necessary measurements, the tripped MCB was reset, and the lights came back on. The probable cause of the fault could be a short circuit, insulation being stripped from wires by rodents, incorrect installation of a new light fixture, or steam from the bathroom/kitchen reaching the light fixture. This short circuit can serve as an early warning; if it happens again, a thorough inspection will be necessary.	£99.99	0%	£99.99
1	Parking Fee A fixed charge applied to cover the cost of parking during service delivery, site visits, or project execution. This fee ensures parking availability and compliance with local regulations in restricted or metered zones.	£0.00	0.00%	£0.00

Sub Total	£99.99
Tax	£0.00
Paid	-£100.00
Total Due	£-0.01
