Hrs/Qty	Service	Rate/Price	Adjust	Sub Total
1	Installation of New 16A Isolator Socket, Dedicated Radial Circuit & MCB for New Machine Supply and install a new 16A isolator socket for a new machine, including a dedicated radial circuit from the distribution board and the installation of a new appropriately rated MCB. The works include: Supply and installation of a 16A isolator socket. Installation of a new dedicated radial electrical circuit using suitably sized cable. Supply and installation of a new MCB in the existing distribution board. Connection and termination of the new circuit. Testing and verification of the installation in accordance with BS 7671 (IET Wiring Regulations). Functional testing to ensure safe operation. Electrical Installation Certificate (or Minor Electrical Installation Works Certificate, where applicable) provided free of charge upon completion. Exclusions: Any upgrades required to the existing distribution board or incoming supply capacity. Builder's work, making good, or decoration. Additional remedial works not identified within this quotation will be quoted separately if required.	£325.00	0.00%	£325.00
