Supply and install **mains-powered, Wi-Fi interlinked smoke and heat detectors** in the agreed locations, including all necessary wiring, fixings, and accessories. Configure and pair all detectors to ensure reliable wireless interconnection, carry out testing and commissioning, and demonstrate correct operation to the client. All work will be completed in accordance with the current edition of **BS 7671** and the relevant recommendations of **BS 5839-6**. Where applicable, an **Electrical Installation Certificate (EIC)** will be issued upon completion.

Thanks for choosing Norm Electrical Engineering | info@normelectric.co.uk Hope to work together on this projects .

Hrs/Qty	Service	Rate/Price	Adjust	Sub Total
4	Materials – 3 Smoke Detectors & 1 Heat Detector Supply of 3 mains-powered Wi-Fi interlinked smoke detectors and 1 mains-powered Wi-Fi interlinked heat detector, together with all required bases, fixings, connectors, and associated consumables necessary for a complete installation in accordance with the current edition of BS 7671 and the relevant recommendations of BS 5839-6.	£68.00	0%	£272.00
4	Labour – Install 3 Smoke Detectors & 1 Heat Detector Install 3 mains-powered Wi-Fi interlinked smoke detectors and 1 mains-powered Wi-Fi interlinked heat detector, including the installation of fire-resistant cable, PVC cable trunking (cable channels) where required, cable routing, termination, testing, commissioning, and verification of correct operation.
